Dear Gerard

Chatsworth Challenge 2025
Dave Owens & Frank Goodall Memorial Fund

On behalf of everyone at Cancer Research UK, I would like to extend our heartfelt thanks for your generous donation of **£1,853.25**.

Your continued support plays a vital role in helping us fund life-saving cancer research and accelerate progress in the fight against cancer.

Thanks to dedicated fundraisers like you, Cancer Research can continue to push the boundaries of cancer research, aiming for a future where everyone can live longer, healthier lives, free from the fear of cancer.

Over the past 120 years, our work has revolutionised what we know about cancer and made discoveries that benefit millions of people globally. Our researchers have been at the heart of some of the biggest discoveries in cancer and have played their part across disciplines, from discovery science and prevention to diagnosis and treatment. **In the 1970s, just 1 in 4 people survived their cancer for 10 years or more. Today, with the help of research, now 2 in 4 survive.**

Thank you again to everyone involved in this great challenge. Your continued support is greatly appreciated.

Best wishes

Kathryn Leverett - Relationship Manager
