Dear Gerard,

Thank you very much for your kind donation of £2,201.10 raised from The Dave Owens + Frank Goodal Memorial fund Chatsworth Challenge walk. The money you've raised will help us to realise our vision for a better future – a world where everybody can lead longer, better lives, free from the fear of cancer.

We're the largest charitable funder of cancer research in the world and we rely on donations to fund our pioneering work. That's why we're so grateful to people like you who generously support our life-saving research and help make breakthroughs happen.

Your donation of £2,201.10 could buy a 3D printer, which our scientists can use to invent new and bespoke equipment that doesn't exist in the lab. This helps our scientists carry out groundbreaking experiments to help us beat cancer.

If you've chosen to hear from us, we'll keep you updated about the progress we are making and the ways you can support our work in the future. If you'd prefer not to hear from us, and haven't told us this already, you can contact us using the details at the top of this letter.

Together we are beating cancer.

Yours sincerely,
